Masons Attend Church Service

Last Of Sesqui-Centennial Celebration at St. Andrew's Held On Sunday Evening—Many in Attendance.

The one month's observance of the sesqui-centennial celebration of St. Andrew's Anglican Church came to a close Sunday evening with a Masonic service, attended by members of Union Lodge, No. 7, A.F. and A.M.

The rector, Rev. E. A. Brooks, officiated and was assisted by Rev. J. A. Ballard, rector emeritus.

Members of the lodge read the lessons and acted as side-men.

Records show that Union Lodge, No. 7, attended St. Andrew's in 1805; that they presented a pulpit to the church and that Rev. F. J. Lundy, rector from 1849 to 1867, was a former worshipful master of the lodge and also a district deputy grand master of the order.

Guest minister at the morning service was Dr. William Bertal Heaney, lecturer in Canadian church history at Trinity College.

WHEN A. B. C. MEDIATORS VISITED GRIMSBY

Away back in the Spring of 1914 the three South American countries of Argentina, Brazil and Chile got in a row among themselves over boundary lines. They decided to mediate the dispute in a neutral country. Canada was chosen and the representatives of the three countries, known as the A. B. C. Mediators, met at Niagara Falls, Ontario and held their daily conferences in the old Clifton hotel. That

was in May and on a beautiful Blossom Sunday, the entire entourage right down to the maids and the valets motored to Grimsby and had evening dinner at the Village Inn. The above photo was taken at that time. Last week the Village Inn changed hands again, being disposed of by Messrs. Anderson and Alton to Richard and "Buddy" Shafer who will take possession the first of January.

LIONS PRESIDENT URGES CLUB TO HAVE DEFINITE OBJECTIVE

"Dad" Farrell In His First Meeting Address Outlines Many Improvements That Organization Could Concentrate Upon—Asks For Open Discussion.

FOUR SUGGESTIONS

It Is Better To Pick One Objective And Carry It Through To Fulfillment Than To Be Messing Around With Half A Dozen Things.

First meeting of the 1944-45 year of Lions Club was held at the Village Inn on Tuesday evening, when President Charles A. "Dad" Farrell and Secretary Frank McPhail and the newly elected Board of Directors assumed their duties. A large number of Lions attended including two visiting "Jungle Kings" from Beamsville Club, Dr. Wray and Harve Cox, who came up, no doubt, to get a good Village Inn meal.

Lion Harold E. Matwell took Lions to task for their imperfect rendition of God Save the King, explaining that they used the word "our" where they should use the word "the".

Lion Eric E. Bwing who has moved to Ottawa will be remembered by the local club with a letter and a suitable memento of his sojourn to Grimsby.

Mrs. Florence Baimsey was the pianist for the evening.

Lion D. S. Anderson presented 100 per cent attendance at meetings buttons to Major (Dr.) Vance

County Debt Free Except For \$9,000

"Only one more river to cross" could well be the song of Lincoln County council today. For they paid off a debenture debt, and now have only one more small debenture to pay off next January 2nd to completely free Lincoln County of debt.

The issue retired was a 26-year sinking fund debenture for \$25,000 to pay for county road work. Next January, the county will pay off a debt of \$9,200 and will start the year with a clean slate for the first time in many decades.

Young Gardeners To Sell Produce

Will Open Vegetable Stand In Front Of Post Office On Saturday Morning Featuring Pumpkins.

Three young market gardeners from the west end of the town will open up a new vegetable market in Grimsby on Saturday morning. Peter Phelps, Merritt Anderson and Allan Bentley have on hand a large number of very fine pumpkins of their own raising as well as some other vegetables, that they will have no use for this winter. The young lads feel that they can be doing a little to help the war effort by selling this fine garden produce and donating the funds to the Cigarette Fund.

Their stand will be in front of the post office and there will be no set price on the pumpkins or other commodities. The buying public can pay them what they feel the produce is worth and all monies thus derived will be turned over to "Cammy" Millyard for the Cigarette Fund.

Doing His Bit

In Action

(Edgar L. Jones was serving with the American Field Service in North Africa when he wrote this letter. The article he mentions—the case history of a blood donor, written by Donita Ferguson—first appeared in Vogue, and was reprinted in The Reader's Digest.)

Dear Miss Ferguson:

A battle-scarred copy of the magazine containing your article turned up at our desert HQ on a day when I had been wishing that I could say thanks to blood donors everywhere.

The final push was on, and we had been evacuating casualties since first light that morning. No one at home can imagine what war in the desert is like. None of us here wants you to know. The wounded at the forward dressing station lay in the hot sun, plagued by flies and stinging gusts of sand. They were exhausted after 72 hours of fighting without sleep, but they were too much on edge to sleep with the sounds of battle so close by. They were desperately thirsty and dirty, but the only water we had was the mess, a pint issued daily to each of us.

Above all else, these men needed new blood to give them strength. This they could get. The field hospital is rough mill, across the desert. It takes a driver about four hours to go 15 miles when he is carrying patients who involuntarily scream at each jolt of the springs. Hours of grinding through deeply rutted sand, picking your way over boulders, edging into wadis and pulling out again, all

Norman claims that within three years time his one-tree plantation will supply the whole Canadian market with English Walnuts. Buy a ticket.

The probable date when peace will sound in Europe is important to us because almost every one in this country has a vital interest in the ending of hostilities. Given the approximate date, families of men overseas can begin to estimate the time which must elapse before they receive their loved ones back home again. Labor has an additional interest in the date, in planning for the transition period overlapping war production and the new production of peace time goods. Business men, who must plot the future of their establishments with great care are especially keen to have some one give them an approximate date of the conclusion of hostilities in Europe.

Thus, when at various times Mr. Churchill, General Eisenhower, General Montgomery, Admiral Halsey and others

North Grimsby Township Engineer McKay has recently made an award on the cleaning of the much debated Hawes Drain.
